

Our Legacy; As a family owned, American made manufacturer of dasherboard systems for over 28 years, Rink Systems brings together unmatched craftsmanship and industry-leading innovation to create systems that not only look great, but last. It's a commitment to excellence that stems from a rich heritage rooted in our small town in southern Minnesota that breeds success in every project that we're involved in.

legacy elite aluminum

We do rinks right!

- Clear choice for professional, university, college, and community arenas
- 6" welded structural aluminum framework
