FROM OUR LEGACY TO YOURS.

Serving our
industry
since 1993.

YOUR RINK IS—OR CERTAINLY WILL BE—the centerpiece of your indoor facility, outdoor community space or even your own backyard. For this reason, your success has been the core foundation of what we do. For 30 years, Rink Systems has been family-owned and operated, designing and manufacturing dasher board solutions and arena products right in our own facility in Albert Lea, Minnesota. Along with our fine products, our service commitment is steadfast in every project in which we are involved. Whether its new construction, renovations or the yearly maintenance to keep your rink in top-notch shape, we have highly trained staff eager to help. From start to finish, season to season, we want you to “Love Your Rink!”

You can trust that our products are delivered with the features that you expect. In order to accomplish this objective, we have developed and gathered products of the best technical specifications available in the industry.

We continually institute a process of ongoing improvement so that the products we deliver now and in the future are of the highest quality and are the most reliable in the industry. Together, we move forward with experience and innovation to create solutions that are not only safe and look good, but last.

As always, we welcome your ideas as we partner with you to meet your current and future needs. Our mission is providing you “sports solutions that will better your rink life!” Whether you are new to the industry or are a seasoned veteran, we are here to serve your best rink life!

Sincerely,

A handwritten signature in black ink, reading "Stacey Overgaard".

Stacey Overgaard, P.E.
President, Rink Systems

FAMILY-OWNED.
American made.

AS THE LEADING FAMILY-OWNED, AMERICAN-MADE

manufacturer of dasher
board systems for 30
years, Rink Systems brings
together unmatched service,
craftsmanship and industry-
leading innovation to create
sports solutions that not
only look great, but last.

**It's our commitment
to every project that
we are involved in.**

GOAL FRAMES, PADS & NETTING

40" PROFESSIONAL GOAL FRAME

Meets and/or exceeds all NHL and NCAA specifications. Both red and red/white powder coat finish is guaranteed tough. 44" goal frame also available upon request. *Sold with or without netting. Qty 1.*

PRACTICE GOAL FRAME

Practice goals available with 24" deep frames. *Qty 1.*

GOAL FRAME PACKAGE

Make it a package deal! Combine our 40" goal with pads and netting. Package includes:

- Pair of goal frames
- Pair of 6mm resin netting
- Pair of back pads
- Pair of bottom pads
- Pair of Guardian® net protectors
- Roll of lacing twine
- Strung/unstrung (additional cost for stringing)

JUNIOR GOAL FRAME

One-piece fully welded 100% steel frame with 2" heavy duty steel tubing. Premium quality red powder-coated finish. Full-perimeter steel lacing for net attachment. NHL pro-grade 5mm nylon netting with lacing twine. Strung/unstrung (additional cost for stringing). USA hockey approved for Cross-Ice Hockey. 4' x 3' with 24" deep rectangular base. *Qty 1.*

MINI GOAL FRAME

One-piece fully welded 100% steel frame with 1-3/8" heavy duty steel tubing. Premium quality red powder-coated finish. Full-perimeter steel lacing for net attachment. NHL pro-grade 5mm nylon netting with lacing twine. Strung/unstrung (additional cost for stringing). 3' x 2' with 20" deep rectangular base. *Qty 1.*

W GOAL FRAME

One-piece fully welded 100% steel frame with 1-1/2" heavy duty steel tubing. Premium quality red powder-coated finish. Full-perimeter steel lacing for net attachment. NHL pro-grade 5mm nylon netting with lacing twine. Strung/unstrung (additional cost for stringing). *Qty 1.*

- Pro: 4' x 6'
- Junior: 3' x 4'

BOTTOM BAR REPLACEMENT

Save money by repairing your existing worn goals. Curved bottom bar with welded lacing rod in either 40" or 44" deep frames. *Sold separately.*

GOAL TRANSPORTER

It's like a two wheel cart for goals! Save wear and tear on your goals with this zinc-plated steel frame with two easy-roll wheels. Fits all regulation goals. *Qty 1.*

"THE MULE" GOAL TRANSPORTER

Move goals with ease! This 360 degree swivel caster moves goals with ease in hard to reach places, on all surfaces and folds up for convenient storage. The strong tubular framework is powder-coated, light weight and eliminates bottom bar damage. Fits regulation goals. *Qty 1.*

TRANSPORTERS

GOALIE WATER BOTTLE HOLDER

Keep your goalies hydrated. Made with safety in mind, holders come with heavy duty Velcro straps. Customize with your logo for a small additional price. Comes in a variety of colors. *Qty. 1.*

POND HOCKEY GOAL FRAME

One-piece fully welded 100% steel frame with 1-3/8" heavy duty steel tubing. Premium quality red powder-coated finish. Full-perimeter steel lacing for net attachment. Pro-grade 6mm nylon netting with lacing twine. Strung/unstrung (additional cost for stringing). 36" x 6" x 12" deep rectangular base. *Qty 1.*

WALL MOUNT GOAL BRACKETS

Save on floor space by mounting your goals to the wall. This heavy duty steel assembly will keep your nets safely stored. Rubber insert prevents scratches and chipped paint. *Sold in pairs.*

EDGE PROTECH

Edge Protech is a hard rubber protector for the bottom of the goal posts to be used in goalie training, warm-ups and team practices. The Protech prevents nicks to the goalie's skate edges that can seriously damage their blades. *Sold in pairs.*

6MM KNOTLESS NETTING

- 6mm Resin-dipped: For increased strength and durability. Professional caliber netting. 700 lb tensile strength.
- 6mm: General or recreational use netting.

5MM KNOTLESS NETTING

General or recreational use netting.

REPLACEMENT GOAL FRAME NETTING

Freshen up your goals. Replacement netting available for all sized goal frames.

NET/PAD PACKAGES

Package includes: Pair of 6mm resin-dipped knotless or 6mm knotless netting

- Pair of back pads · Pair of bottom pads · Pair of Guardian® net protectors · Roll of lacing twine · 44" packages also available

PADS

PRO GOAL BOTTOM (BUMPER) PADS

18 oz bright white vinyl construction with stitched, heavy duty metal grommets. Available for 40" and 44" goals. *Sold in pairs.*

PRO GOAL BACK PADS

18 oz bright white vinyl construction with Velcro. *Sold in pairs.*

PRO GOAL TOP CENTER PADS

18 oz bright white vinyl construction with Velcro strapping (18" on top center pad). *Sold in pairs.*

96" PRO GOAL TOP BAR PADS

18 oz bright white vinyl construction with Velcro strapping. *Sold in pairs.*

LACING TWINE

Multi-use nylon twine. *Sold in 100' or 200' rolls.*

GUARDIAN® NET PROTECTOR

The Guardian® is ballistic nylon with an extra heavy duty 22 oz outer shell that hides and protects the lacing. *Sold in pairs.*

- 40" frame, 146" long
- 44" frame, 162" long

CLEAR NET PROTECTOR

Similar in design to The Guardian®, The Clear® has 22 oz heavy vinyl covering the lacing twine at the crinkle rod, but has clear 20 oz vinyl above—allowing for an unobstructed view into the goal! *Sold in pairs.*

- 40" frame, 146" long
- 44" frame, 162" long

NHL NET PROTECTOR

NHL approved, 24 oz white vinyl, "fitted" net protector. *Sold in pairs.*

- 40" protector with 20" clear window on each side, 146" long
- 44" protector with 24" clear window on each side, 162" long

**RINK SYSTEMS
INNOVATIONS!**

PROTECTORS

NYLON NET PROTECTOR

Ballistic nylon with stitched, heavy duty metal grommets. For general or recreational use. *Sold in pairs.*

- 40" frame, 146" long
- 44" frame, 162" long

CUSTOM EMBROIDERY

Custom embroidery also available for your Guardian®. One-time set up fee. Send us your logo for a free quote.

DUAL PIN FREEZE-IN PEGS

Made with strong, zinc-plated steel construction. Grips the ice for better holding. Pegs keep goals secure and in place and can be used in any indoor or outdoor ice rink. Easy installation. Fits any goal size. Adjustable and replaceable pins. 1-1/2" x 4-1/2". Qty. 1.

STANDARD FREEZE-IN PEGS

Made with strong, zinc-plated steel construction. Pegs keep goals secure and in place. Easy installation. Fits any goal size. Pegs can be used in any indoor or outdoor rink. 1-1/2" x 4-1/2". Qty. 1.

PEG KEEPER

Keep those pegs off the floor and out of the nets. Standard 12" x 3.5" HDPE wall mount design that holds up to 4 pegs. Quick and easy installation. Available in blue, red, and black. Custom sizing is also available. *Sold separately.*

FLEX PEGS

Yellow:

- Stepped 1-7/8" x 1-5/8" x 10" tall
- Skinny 1-7/8" x 13/16" x 10" tall

Green:

- Offset 1-7/8" x 1-5/8" x 10" tall

Each sold separately.

ARENA ACCESSORIES ALL IN ONE PLACE.

Make your job easier...order online at www.rinksystems.com!

PIRANHA PEGS

Constructed with an internal steel plate, stainless steel pegs and hardened styrene-Butadiene rubber. Precision, strength and quick and easy installation. *Sold in pairs.*

GOAL PEG INSERT PLUG

Custom expanding plug that covers holes when goals are not in use. Flat top allows resurfacing while in place. Available in a variety of sizes. *Sold separately.*

INLINE PEGS

Designed for inline rinks, these rubber post inserts reduce goal movement on any playing surface. *Sold separately.*

FLEX INSERTS

Internally-threaded stainless steel concrete inserts with brass plug for either 1-5/8" or 13/16" flexpegs. Replacement brass plugs for all inserts and dasherboard anchors also available. *Sold separately.*

TRAINING Aids & GAMES

Designed in partnership with USA Hockey

ALUMINUM DIVIDERS

- 40" high all-welded lightweight tubular framework
- 4" deep design for greater stability
- Poly facing, kickplate and caprail
- Interlocking panel design for easy setup and take down
- 30" player access gates
- Portable storage carts available
- Sold separately

DESIGNED FOR
TRUE RADIUS PLAY!

FOAM DIVIDERS

- Standard pads are 12" high x 8" wide
- 85' wide rink: 8 panels @ 127.5" long and 100' wide rink: 10 panels @ 120" long
- Box style foam padding covered with 18 oz heavy duty coated vinyl
- Velcro strap connection keep panels in line
- Other sizes: 22" high x 12" wide or 42" high x 18" wide. Wedge style pads or radius corners also available.
- Black, red, blue, royal blue, navy blue, maroon, green and yellow
- Sold separately

COMING SOON: New HD Poly Sharp Shooter available for the pro and junior goal frames!

ALUMINUM DIVIDER NETTING KIT

Increase safety at your rink with the aluminum divider netting kit. Kit includes steel support posts, 24' of black nylon netting and hardware for installation.

STANDARD POLY SHOOTER TUTOR

Fits a full size regulation goal frame. 3/8" poly with two galvanized steel hooks. Custom shooters available. Qty 1.

SHOOTER TUTOR

Heavy duty 600 denier fabric with cut out corners and five holes. Bungee straps for easy installation and removal. Rolls up for storage. Weighted down with steel pipe. Qty 1.

**WORK
SMARTER.
TRAIN
HARDER.**

**Look
better!**

SKATE TRAINERS

Designed to maintain correct center of gravity while gaining confidence on skates. Child size measures 26" tall and adult size is 41" tall. Trainers have a tubular steel framework with a powder-coated finish and are also stackable. Qty. 1.

REPLACEMENT RUBBER FEET

3/4" fits bottom of child trainer and 1" fits bottom of adult trainer. Sold separately.

CLING-ON RINK DIAGRAM

Cling-on rink diagrams for your tempered glass. Simple to place, easily removable and will not leave any marks. Size is 24" x 36". Qty 1.

GOALIE WATER BOTTLE HOLDER

Keep your goalies hydrated in practice and in games. Made with safety in mind, holders come with heavy duty velcro straps. Customize your holder with your logo for a small additional price. Comes in a variety of colors. Qty 1.

INLINE TILES

Mateflex: 1/2" x 12" x 12" tiles with interlocking modular design. Quick and easy assembly, superior durability, smooth and solid surface and low maintenance.

DRY ICE™—SYNTHETIC ICE

Skate without the cost of ice rink refrigeration equipment. Use for off-ice shooting practice, goalie training and stick and puck handling. Unlike other synthetic ice surfaces on the market, Dry Ice™ has been engineered with today's newest plastic and laminating technology.

HOCKEY SCOREBOARDS

In need of a new or replacement scoreboard? We offer a variety of brands, sizes, and styles to fit your space and budget.

PUCKS

- Practice: Black, 5.6 oz. 100 per case.
- Youth: Blue, 4 oz. 100 per case.
- Game: Official size and weight, 5.6 oz. 48 per case.

BEYOND THE ICE

From broomball to soccer, to rink conversions and more, we are your supplier on and off the ice.

Be sure to check out our custom designs on page 45 for all your soccer solutions.

We've got you covered beyond the ice.

BROOMBALL EQUIPMENT

1-1/8" hardwood handle and rubber head angled on one side. Outdoor ball: Blue, soft, flexible molded rubber, low bounce. Orange indoor ball is official ball for national and international play.

BROOMBALL GOAL FRAME

100% steel construction with red powder-coated finish. Broomball goals (5' x 7' x 24" or 6' x 8' x 30") come with 3.5mm knotted white braided nylon with a 4" square mesh. Qty 1.

BEYOND THE ICE

SOCCER GOALS

Increase revenue by outfitting your rink for soccer. Goals are constructed of aluminum tubing. Typical sizes are either 12' wide x 6'6" high or 14' wide x 7'6" high with 3mm netting. Filler panels to match your existing design are also available.

LEGACY DECK

The most ideal choice for ice cover on the market. Easy to handle and install, cutting down on changeover time. Strong enough to accommodate forklifts and will not stick to the ice or absorb moisture. High 2.84 R-value. Sheets are 48" x 96" x 1".

OUR SOLUTIONS, YOUR SUCCESS.

No project is too big or too small.

DASHER COMPONENTS

KICKPLATE

- High Density Polyethylene (HDPE)
- Solid 1/4" or 1/2" available
- Colors available: White, natural, yellow, NHL gold, light blue, royal blue, dark blue, red, black, green and grey. Additional colors and custom colors available upon request. 🌈

FACING

- High Density Polyethylene (HDPE)
- Solid 1/4" or 1/2" available

BACK PANELS

- High Density Polyethylene (HDPE)
- Solid 1/4" or 3/8" available

CAPRAIL

- High Density Polyethylene (HDPE)
- Solid 1/2", 3/4" or 1" available
- Colors available: White, natural, yellow, NHL gold, light blue, royal blue, dark blue, red, black, green and grey. Additional colors and custom colors available upon request. 🌈

POLY ANGLE

2" x 2" x 1/4" poly angle for trimming gaps behind boards and in boxes.
Sold in 10' sections.

HIGH DENSITY POLYETHYLENE (HDPE)

Colors available: White, natural, yellow, NHL gold, light blue, royal blue, dark blue, red, black, green and grey. Additional colors and custom colors available upon request. 🌈

POLY

**GREAT FOR
OUTDOOR RINKS!**

FRP FIBERGLASS SHEETING

Compression-molded FRP fiberglass sheets contain UV absorbers for improved weatherability and resistance to sunlight exposure. Provides flatness and toughness with reduced thermal expansion. Facing available in solid 1/4" and 3/8" white or 1/2" laminate. Kickplate available in 1/4" yellow or white.

POLY LINE KIT

Red and blue polyethylene strips for inserting in dashboards. Kit contains four 12" blue, two 12" red, and four 2" red lines. Vinyl adhesive tape line kits also available. Choose from:

- 1/4" or 1/2" x 42" facing
- 1/4" or 1/2" x 8" kickplate

INLAID HOCKEY LINE LOGOS

Customize your boards with your logo.

WATER BOTTLE SHELVING

Custom made for any player or penalty boxes. With our quality HDPE design, shelving allows for individual use and removable sections make cleaning and sanitizing easier. Available in a variety of colors. 🌈

THRESHOLDS

EQUIPMENT GATE THRESHOLD ASSEMBLY

1" solid aluminum or steel framework with a 1/2", 1" or 1-1/2" poly cover. Radius and straight sections available. Stronger than a standalone poly threshold; will not warp. *Poly cover or framework can also be sold separately.*

- 1" x 7" x 120" straight
- 1" x 7" x 120", 20' radius
- 1" x 7" x 120", 28' radius

POLY THRESHOLD

Natural white, high-density polyethylene is available in 1/2", 1" and 1-1/2" thicknesses. Lightweight, easy to install and stands up to high skate traffic. Built to match dasher board panels and is available in radius and straight options.

- 7" W x 120" straight
- 7" W x 120", 20' radius
- 7" W 120", 28' radius

POLY THRESHOLD RAMP

A must-have liaison between the equipment gate threshold and ice dam. Guaranteed to decrease wear and tear on your ice resurfer and equipment gate. Custom built in 1" or 1/2" thickness in any width and length.

TRUSTED SERVICE

and high quality sports solutions that meet your expectations.

DESIGNED WITH PLAYER SAFETY IN MIND!

DASHER CORNER POST PAD

Designed with player safety in mind, these pads are constructed with high-impact foam inside an abrasion-resistant 18 oz vinyl jacket. Standard 2" pads are 36" and 48" and come in red, blue or a custom color (A and B). Ultra Dense with memory foam also available (C).

- A.** 2" high-impact foam with Velcro straps, post adapter may be required
- B.** 2" high-impact foam with PSA Velcro strips
- C.** 3" closed cell "Ultra Dense" memory foam with Velcro straps

A.

B.

C.

A.

B.

C.

A AND B. CHAMFER TOOL AND CHAMFER TOOL INSERT REPLACEMENT

Countersink holes in poly for accepting flat head screws and rivets. Adjustable depth stop removes just the right amount of material.

C. POLY TRIMMER

Remove sharp edges and trimmings from poly after cutting.

FLEX CAP

Specially designed flexible PVC extrusion replaces polyethylene caprail for increased player safety. Comes in 8' lengths. Standard colors are red and blue. Custom colors available upon request. 🌈

CLEAR SAFETY CORNERS

Corners deflect players upper body/shoulders and decrease injuries. The 3/8" clear acrylic is spring loaded and can be made to retrofit any new or existing rink.

RINK SIDE TABLE TOP

Provide an additional level of seating and convenience that your spectators will enjoy. 1" HD poly shelving. 9-1/2" or 12" wide. Aluminum angle supports. Custom sizes and colors available. 🌈

A.

B.

C.

D.

RETRACTABLE SPECTATOR SAFETY NETTING

Get your netting up and out of the way. Manual crank or electric motor lifts available. *Netting sold per sq ft.*

A AND B. PROTECTIVE NETTING—BLACK NYLON AND WHITE NYLON

Durable knotless netting customized to your specifications. Perimeter bound with vinyl polyester and brass grommets. *Sold per sq ft. Netting and hardware sold separately or quoted for labor and installation.* Rope binding also available. Available in:

- 1-1/2" w/edging #420 in 2mm (black and white)
- 7/8" w/edging #18 in 2mm (black only)
- 1-3/4" w/edging in 3mm (black only)

C. PROTECTIVE NETTING—MONOFILAMENT

Lightweight and translucent netting in 1-3/4" diamonds reinforced with rope border. Ideal for spectator safety, scoreboards, ceilings and other items in your facility. Tape bound edges are not available in this style. *Sold per sq ft.*

D. PROTECTIVE NETTING—KEVLAR

1.2mm black, knotted netting. *Sold per sq ft. NHL APPROVED!*

SUCTION CUPS

Rugged design ideal for attaching netting on postless systems. Loop nub accommodates 1/4" rope, cable, cord or hook. Easy release tab permits hassle-free removal and repositioning. Hole diameter is .255" and loop is a hefty .331" thick. *Sold separately.*

SPRING-LOADED CASTER

Firm support for heavy gates prevents stress at hinges and door jams. Fully enclosed adjustable assembly applies desired preload compression. Compensates for uneven floor and ramped surfaces. Zinc-plated for rust protection and bright appearance.

CASTER WHEELS ▲

Replacement rigid or swivel-mounted casters for equipment gates and storage carts. Available in both phenolic and non-marking urethane.

AD PANEL COVERS

Generate additional revenue with advertising banners. Ad panel covers are 1/8" or 1/4" clear polycarbonate panel to protect dasherboard advertising graphics. Typical size is 33" high x 96" long.

AD PANEL FASTENERS

Attach your polycarbonate ad panels:

- Truss head sheet metal screws
- Flat head sheet metal screws
- Connecting bolts with female threaded inserts
- Truss head self-tapping screws

GLASS "A" FRAME CART

Heavy duty steel construction with a 15" wide plywood bed on each side slanted towards the center of the cart. Carts are available in 72" or 96" lengths. 4,500 lb load capacity.

DASHER BOARD CART

Simplify takedown and storage of dasherboard panels. 48" x 96" plywood bed, steel uprights, front push bar and heavy duty ball bearing wheels with a 3,000 lb capacity.

STACKABLE DASHER CART

Stackable dasher storage carts increase the floor space you need. These 48" x 96" heavy duty carts have a galvanized steel construction or a red powder-coated finish. Forklift is required for stacking. 4,500 lb load capacity.

CARTS

GLASS HARP CART

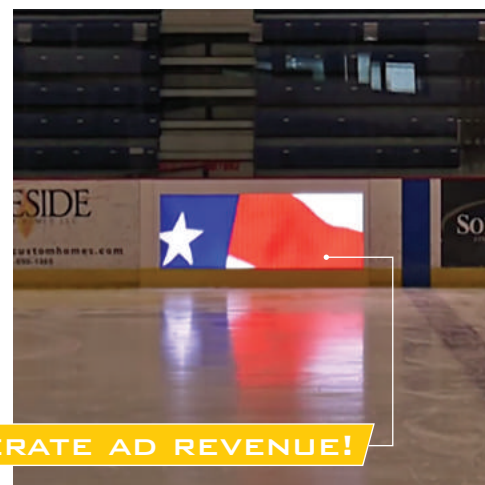

Convenient sort and store design. Easy shielding access and separation. Powder-coated steel framework. Fully grooved HDPE base. PVC covered separator. 8" casters (4,000 lb capacity). Three sizes available:

- 4' x 6' (stores 50 pieces of glass)
- 4' x 4' (stores 30 pieces of glass)
- 4' x 2' (stores 15 pieces of glass)

VERTICAL LIFT GATE

An automatic vertical lift gate with a wireless remote can be designed with any dasher board system. An ideal solution when traditional swings doors are not an option due to space constraints.

GENERATE AD REVENUE!

LED DASHER BOARD DISPLAY

Bring new energy to the ice and awareness to valued sponsors. Display features include:

- High resolution, full color smooth image video display with adjustable brightness
- 100,000 hour LED lifespan
- Text, picture and video capabilities
- Easy ad download software included
- Battle-tested aluminum framework with 1/2" polycarbonate facing
- Custom made to fit any dasher board system
- 5 year warranty

HINGES

C.

D.

E.

F.

A. UNIVERSAL LIFT-OFF HINGE

- Sturdy zinc-plated steel construction
- Fully adjustable
- 3/4" hinge pin
- Greaseable bronze bushing
- 1/2" ball bearing for smooth operation
- Capable of supporting large equipment gates

B. OUTDOOR UNIVERSAL HINGE

Heavy duty galvanized steel construction with 1/2" hinge pin.

C. EQUIPMENT GATE HINGE

- Sturdy zinc-plated steel construction
- Fully adjustable
- 3/4" hinge pin

D AND E. WOOD FRAME HINGES

Heavy duty 3/8" steel construction with 3/4" hinge pin. Capable of handling the heaviest gates. Available in:

- Player Strap Hinge
- Equipment Hinge

F. PIANO HINGE

4" wide zinc-plated steel strap hinge with 3/8" pin. For use on steel, aluminum or wood framed gates. Available in lengths of 36" or 72".

A. CONDUIT AND CABLE SYSTEM

We stock all hardware for installing nets: Curved and straight conduit, aircraft cable, cable clamps, turnbuckles, eyehooks, beam clamps and quick connect C-clips.

B. CANE BOLT

Provides the necessary second latching point for all equipment gates. Hardware is constructed of heavy-duty steel to stand up to daily use. *Sold separately or as a full assembly.*

C. DASHER ANCHORS

- Cast-in-place: Variable height, 5/8"
- Expansion: 3/8", 1/2", 5/8" and 3/4"
- Epoxy: 5/8" and 3/4"

D. OVERSIZED SCREWS

Special oversized fasteners for repairing stripped threads in steel and aluminum tubing. 5/16" threads with undersized 1/4" flat heads to match existing holes.

E. FASTENERS

Color-matched flat head screws and rivets in a variety of styles and lengths. For attaching facing materials to steel, aluminum, wood and plastic. Many styles and sizes available.

A.

B.

HARDWARE

GATES

LEGACY LIFT LATCH

3/8" plated steel bar holds gates securely. Easy to install on any door frame.

SINGLE BAR GATE LATCH

An economical solution. Uses the same guide and keeper as the double bar gate latch.

DOUBLE BAR GATE LATCH

Gravity-fed self-latching design gives a positive latch every time. Easy to maintain with oversize grip handle.

A PROVEN GATE LATCH SYSTEM

means your gates will be firmly safe and secure.

SLIDE BAR GATE LATCH

Constructed of 2" x 2" galvanized steel tubing with large handle. Four heavy-duty latch guides keep gate secure. Available for 5', 4' and 3' gate doors.

▲ PUSH BUTTON ASSEMBLY

Allows skaters to open gates from ice side. Flush white poly button sized to accommodate gloved hands.

SUPPORT POST ►

Add extra support where needed around dasherboard perimeter and gates. Constructed of 2" x 2" galvanized steel tubing with oversized footplate for anchoring. Vertical mounting tabs allow posts to be fastened to any system.

DASHER SHIELDING

TEMPERED GLASS

Scratch-resistant and easily maintained. Ground, flat and smooth edges are standard.

- 1/2" thickness (12 mm), approximately 6 lbs per sq ft
- 5/8" thickness (15 mm), approximately 7.5 lbs per sq ft

CLEAR ACRYLIC

Available in various full sheet sizes at 1/2" or 5/8" thickness. Cut to order with beveled edges and radius corners. Lighter than tempered glass. Approximately 3 lbs per sq ft. Scratch-resistance coating also available.

Standard sheet sizes: 48" x 96", 60" x 96" and 72" x 96". Custom cut sizes available.

SHIELDING

FROM ONE GENERATION TO ANOTHER

we continue our
passion and our vision
to serve you and this
great industry for
years to come.

ARENA SHIELD

Holds up to impacts, provides greater flexibility than tempered glass, clearer viewing and easier, quicker changeovers. **NHL APPROVED!** Standard sheet sizes: 50" x 98", 62" x 98", or 74" x 98". Custom cut sizes available.

HOCKEY SHIELD

Extend the life of your acrylic shielding from player and spectator abuse, puck marks and many other types of abrasions. No need to replace your shielding. The new resistant layer of premium surface covering will give your rink a clear view. **NHL APPROVED!**

GASKETS/CUSHIONS

Protect shielding on posted systems with a one- or two-piece post design for 1/2" or 5/8" glass. Comes in 70", 96" and 120" lengths.

GLASS EDGING

Clear flexible "H" and "U" gasket for vertical edges of tempered glass.

POSTLESS (SEAMLESS) GLASS CUSHION

Rigid polyethylene glass channel for postless glass systems. Flexible PVC glass cushion for moving glass channels. 4 ft long sections available for either 1/2" or 5/8" glass. Extruded aluminum postless glass channel also available for replacement and conversions.

CUSHIONS

"HD" GLASS CLIPS

Extra-wide two-piece design for greater stability and movement of seamless glass panels. Available for both straight (A) and radius corner glass (B).

POSTLESS (SEAMLESS) GLASS CLIPS

Polycarbonate construction protects edges on postless systems.

CLEAR SAFETY CORNERS

Designed with player safety in mind. Corners deflect players upper body/shoulders and decreases injuries. The 3/8" clear acrylic is spring loaded and can be made to retrofit any new or existing rink.

CAMERA HOLD

Upgrade your shielding with RSI's camera hold. Allow your photographers to get up close and capture those amazing shots on the ice during practice, training and games.

SHIELDING CHANNELS

Extruded aluminum shielding channels in the following styles:

- Two-piece round post with bolt on front plate
- Two-piece round post with "quick mount" front plate
- One-piece "H" channel
- Termination/Corner "L" channel

SUPPORT POST POCKETS

Easily mount your support post to the center dasher stringer. For round or rectangle shielding supports.

ASK US ABOUT OUR FORK LIFT ADAPTER.

Move your glass with ease with our exclusive, custom-made **Forklift Adaptor**. Quick attachment and compact size makes for easy storage. Fits most forklifts.

GLASS HARP CART

Convenient sort and store design. Easy shielding access and separation. Powder-coated steel framework. Fully grooved HDPE base. PVC covered separator. 8" casters (4,000 lb capacity). Three sizes available:

- 4' x 6' (stores 50 pieces of glass)
- 4' x 4' (stores 30 pieces of glass)
- 4' x 2' (stores 15 pieces of glass)

GLASS "A" FRAME CART

Heavy duty steel construction with a 15" wide plywood bed on each side slanted towards the center of the cart. Carts are available in 72" or 96" lengths. 4,000 lb load capacity.

POWER-GRIP GLASS LIFTER

Battery-powered vacuum lifter attaches to forklift to move heavy tempered glass panels. Modular design provides 180 degree rotation and 90 degree tilt. 700 lb load capacity.

GLASS HANDLING SUCTION CUPS ▲

8" handheld vacuum cups provide firm, fast grip of tempered glass panels. Release valve lever permits quick and complete release. 125 lb load capacity per cup.

EDGERS & RESURFACING

RESURFACER BLADES

Inlaid blade made of heavy steel with a tempered edge. 1/2" high x 5" thick with beveled edge. Available in 77" and 84".

A. FELT RESURFACER TOWEL

Unique blend of material providing the ultimate finish. An alternative from the standard terry cloth option. Available in 77", 80", 81" and 84".

B. CLOTH RESURFACER TOWEL (EYELET)

Choose from 3-ply or 5-ply. Available in 48", 77", 80" and 84".

C. FOAM CORE RESURFACER TOWEL

3-ply with 17 hole brackets. Available in 77" and 84".

D. BLUE MICRO SUPER FIBER RESURFACER TOWEL

Non-woven spreader towel lasts four times longer than cotton. Will not shred and leaves the water in place for a flatter flood. Maximum durability with grommet holes for excellent hold. Available in 77" and 84".

E. CLOTH RESURFACER TOWEL (VELCRO)

Available in 3-ply 77" and 84".

BOARD BRUSH

Available for Olympia (red) and Zamboni (blue) resurfacers.

A. CONDITIONER SQUEEGEE

Pure gum rubber material with mounting holes. Available for all resurfacers.

B. HOSE

Rigid red hose custom made to any length with brass end fittings. Standard sizes are 3/4" and 1". Also available in 1-1/4" and 1-1/2".

C. PUMP IMPELLER

Available for all resurfacers. Black: synthetic material; blue: dry run.

STUDDED TIRES

Studded tires are specifically for rink use. Call us for specific brands and sizes available.

**THOMSEN ICE EDGERS T-18, T-18ES**

Recoil start and electric start available.

**THOMSEN ICE EDGER T-29**

Battery-powered electric motor with zero emissions.

Thomsen
Ice Edgers.

Rink Systems is
an authorized
dealer for all
Thomsen
edger parts.

All Thomsen Ice Edgers feature:

- Stable four-wheel design for easy maneuvering on and off the ice
- Synchronistically adjusted wheels raise and lower the frame for a consistently level cutting plane
- Precision leveling of the ice with a blade designed to cut a 17-3/4" path
- Easy height adjustment and quick-change ice cutting carbide blades simplify everyday operations and routine maintenance
- Comes fully assembled and ready to use

EDGERS

**THOMSEN EDGER BLADES**

Replaceable carbide insert fits Thomsen T-29 Edger.

**OLYMPIA EDGER CUTTER BLADE**

Replacement blades for the Olympia edger. *Each blade sold separately.*

**CARBIDE CUTTER**

Carbide inserts available for both Thomsen and Zamboni ice edgers. *Each insert sold separately.*

**RESURFACER WATER FILL NOZZLE**

Diesel fuel pump style with backfill auto shutoff.

THOMSEN T-29 INSERTS

Replaceable inserts for the T-29 edger blade. *Each insert sold separately.*

ICE MARKING & MAKING

HOCKEY LINE KITS

All lines and circles needed for a complete hockey rink layout. Three styles to choose from:

- **Good:** 15 lb biodegradable paper
- **Better:** High definition cloth
- **Best:** Reusable vinyl mesh

PREMIUM ICE POWDER PAINT

White powder paint achieves uniformity on concrete or sand-based surfaces. Provides the brightest finish against any competitor's product. Environmentally-friendly cleanup and disposal. Sold in 50 lb boxes. 6-8 boxes cover an 85' x 200' rink.

PREMIUM ICE LIQUID PAINT

Liquid paint achieves uniformity on concrete or sand-based surfaces. Provides the brightest finish against any competitor's product. Environmentally-friendly cleanup and disposal. Sold in 1 gal cans. Premixed ice liquid paint available in all PMS colors. Not available in white. 🌈

PAINT

TK ARCTIC POWDER ICE PAINT

The affordable choice for base coating your rink. 12-15 bags cover an 85' x 200' rink. Sold in 50 lb bags.

TK/SHUR COLOR LIQUID ICE PAINT

Can be applied directly to ice without diluting or mixing. White, red, blue, goal crease, yellow and black come in one gal containers. Super Hide White is available in 5 gal containers. Custom colors available upon request. 🌈

ROLL-DRI PAPER ROLLER

Excellent for base coat paper application. 36" wide roller presses the paper to the floor.

PERMA-FAST BASE COAT PAPER ▲

15 lb paper rolls are an excellent alternative to painting. Rolls are 40" wide x 1,875' long. One layer provides white ice for general hockey or figure skating (three rolls required). Two layers provide brilliant white ice.

GOAL CREASES

Light blue goal crease cutouts available in both NHL and USA hockey format. Just lay out and freeze in. Choose from high definition cloth/fiber or reusable vinyl mesh.

CURLING KITS & RIBBON

15 lb biodegradable paper. Each kit contains enough cutouts for a double layer of two houses. Available in both red and blue outer circle. Ribbon available in:

- Black: 1" x 100 yds
- Black: 2" x 100 yds
- Blue: 1" x 100 yds
- Red: 1" x 100 yds

IN-ICE LOGOS

- Paper: Eco-friendly, disposable
- Mesh: Reusable
- Paint: Templates available (pounce pattern)

ICE PAINTING SYSTEMS

3/4" ID hose—200' in length. 150 gal polyethylene mixing tank. Spray boom applicator, gas-powered pump and electric paint mixer. Options include: Storage cart, manual hose reel and extra lengths of hose.

A. SAFETY SOLES

Slips easily over shoes. Carbide studs located on the ball of feet. *Sold in pairs.*

B. HOSE

Rigid red or black hose custom made to any length with brass end fittings. Standard sizes are 3/4" and 1". Also available in 1-1/4" and 1-1/2".

C. FLOODING HOSE

Custom made to any length with brass end fittings. High quality flexible PVC compound is uniquely blended to look and feel like comparable rubber hose and stay flexible at low temperatures. Standard sizes are 3/4" and 1".

D. FLOODING NOZZLES

Brass or Lexan flooding nozzle. Adjusts from fine mist to heavy flow. Available for 3/4", 1" and 1-1/2" flooding hoses.

E. AND F. HOSE REEL & PORTABLE HOSE REEL

Designed for air, water, oil or pressure washer applications with manual rewind by hand crank action. Professional grade, steel A-frame construction and two-point axle support for stability. Coated with durable proprietary CPC powder coat process. Rolled edges and ribbed discs for strength and safety. Reel is adaptable for any size hose and can be mounted to a floor, wall, ceiling, bench or truck. Portable hose reel has swivel casters for 360 degree movement on all surfaces.

G. FLOOR SEAL CONCRETE SEALER

Specially formulated as a curing, sealing and hardening compound for new or existing concrete floors. Easily applied by sprayer or roller. Creates a consistent white surface under the ice. *Available in 5 gal and 55 gal drums.* Choose between clear or white.

H. CONCRETE PAINT

Paint lines, circles, creases and logos directly onto concrete rink surfaces. Oil-based paint is an alternative to painting ice. *Sold in one gal containers.* Standard colors are red, blue and goal crease. Custom colors available.

ICE MAINTENANCE

12" ICE SCRAPER ▲

12" wide plated steel blade with wood handle.

6" ICE CHOPPER

Need to power through the snow buildup and thick ice? This all-steel assembly will do the job!

Available in both straight and angled handles.

SQUEEGEE BLADES ▲

Heavy gauge steel frame with neoprene blade is chemical- and abrasion-resistant. Available in 24", 30" and 36" blade widths, either straight or curved, for better water retention.

SQUEEGEE HANDLE

Extremely strong 5' long wood handle with steel reinforcing for floor/ice squeegee blades.

SLUSH ICE

Slush Ice seals the gap with "ice" where the boards (kickplate) meet the rink floor. Also used to repair cracks or divots in the ice surface during the season. Sold in 16 packs per box.

PERFECT FOR
OUTDOOR RINKS!

A.

B.

C.

D.

E.

F.

A. SUPER PUSHER SHOVEL

48" wide heavy duty curved blade with looped handle and powder-coated finish.

B. 52" ICE MASTER

Portable, hand-operated tool makes creating and maintaining a high quality ice rink a snap. Easy to handle steel pipe frame with powder-coated finish serves as a conduit for water from a garden hose. Terry cloth spreader towel distributes water evenly for a smooth surface.

C. ALUMINUM PUSHER SHOVEL

Quality, heavy duty snow pusher with 30" aluminum blade and 48" wood "D" style grip. Durable, strong, lightweight and resistant to rust and corrosion.

D. POLY PUSHER SHOVEL

1/4" thick curved polyethylene blade with heavy duty fiberglass handle and "D" style grip. Available in 24", 30", 36" and 48" blade widths.

E. SCOOP SHOVEL

Ideal for transporting snow, ice and other items around your rink. The short handle gives you more leverage to hold more weight. Available in aluminum or plastic.

F. RINK BLASTER

Increase work productivity and time when maintaining your rink. Heavy duty steel and powder-coated finish. Available in 24", 36" and 48" sizes.

CLEANING PRODUCTS

CYCLO MODEL 5 DUAL HEAD ORBITAL POLISHER

The Cyclo Model 5 simulates hand polishing but at a much faster rate. Both heads move in a circular motion, counter clockwise. Going over puck marks and scratches ensures a cleaner surface.

- Single speed, 3,000 orbits per minute, 110 volts AC, 9.5' power cord, new rocker switch
- Configured with two backing plates and ready to use with Cyclo hook and loop attached pads for cutting, compounding, polishing and protecting
- May also be fitted with optional scrub brushes
- Lightweight (6.5 lbs) and incredibly durable

- A. ORBITAL BACKING PLATE:** Qty 2. **B. GREEN POLISHING PAD (VELCRO OR BOOT):** Qty 1.
C. ORANGE COMPOUND AND POLISHING PAD (VELCRO): Qty 1.
D. WOOL BONNET (BOOT): Qty 1. **E. SCRUB HEAD:** Qty 1.

BOARD BRITE

Board Brite cleaner dissolves puck marks, adhesives and more. Liquid can be sprayed or brushed.

BOARD BRITE RINK ERASERS

Disposable, heavy duty, 2-1/2" x 4" erasers are multi-purpose cleaning pads that clean puck marks and dirt around your rink and dasherboard facing. Qty 50.

PLEXUS GLASS CLEANER

Plexus is the most effective product for cleaning, protecting and polishing clear and colored plastic or acrylic. Sold individually or 12 cans/case.

NOVUS CLEANER POLISH

Novus No. 1: Gently cleans plastics without scratching. Leaves a lustrous shine, resists fogging, repels dust and eliminates static.

Novus No. 2: Removes fine scratches, haziness and abrasions from most plastic or acrylic.

Novus No. 3: Removes heavy scratches and abrasions from most plastic or acrylic.

RENTAL SkATES & STORAGE

**DOMINION COMFORTREC
HOCKEY SKATES**

All Dominion Comfortec hockey and figure skates include a mesh nylon upper with PVC trim; comfortable mesh lining; durable hybrid cotton foam padding with a thick padded tongue; multiple layer reinforced wrap construction; heavy duty eyelets and hooks; cut-resistant toe cap for optimum performance; synthetic, moisture absorbing insole; and size identification on heel.

Comfortec hockey skates also feature:

- One-piece PVC outside and heel for durability and low maintenance
- Molded blade holder with stainless steel runner, attached using copper rivets at the heel
- Men's sizes 6-15; youth sizes 1-5; children's sizes 8-13. Full sizes only.

**DOMINION COMFORTREC
FIGURE SKATES**

Comfortec figure skates also feature:

- Molded PVC outsole with toe pick, attached using copper rivets at the heel
- Women's sizes 7-12; youth sizes 1-6; children's sizes 8-13. Full sizes only.

**JACKSON SOFT-TEC
HOCKEY SKATES**

All Jackson Softtec hockey and figure skates include a durable nylon upper with firm ankle and counter support; cushy foam padding for maximum comfort; heavy duty hooks and eyelets; footbed systems; lightweight, synthetic and torque-resistant insole which doesn't absorb moisture; and size identification on heel.

Soft-tec hockey skates also feature:

- Modern, thin synthetic outsole for reduced weight
- Black hockey blade with carbon steel runner
- Copper heel rivets for added strength
- Does not contain the protective elements required for playing hockey
- Men's sizes 7-15; boy's sizes 1-6; youth sizes 8-13. Full sizes only.
- Soft-tec replacement laces (white or black): 54", 72", 81", 96", 108" and 120"

**JACKSON SOFT-TEC
FIGURE SKATES**

Soft-tec figure skates also feature:

- Protective snow guard aids in reducing moisture penetration
- Molded PVC figure outsole for easy care
- All purpose figure blade
- Size identification in heel
- Women's sizes 7-13; youth sizes 1-6; children's sizes 8-13. Full sizes only.
- Soft-tec replacement laces (white or black): 54", 72", 81", 96", 108" and 120"

**JACKSON "RAVE"
FIGURE SKATES**

- Durable nylon upper
- Fully lined upper and tongue with cushy foam padding for maximum comfort
- Multiple heavy duty hooks and eyelets
- Protective snow guard aids in reducing moisture penetration
- All purpose figure blade
- Women's sizes 7-13; youth sizes 1-6; children's sizes 8-13. Full sizes only.

BOB SKATES

Double runner ice skate fits over child's shoe, sizes 5-13. Zinc-plated with high strength slide bars for size adjustment. Low temperature adjustable straps make it easy to secure to shoe or winter boot. For up to 65 lbs. Adjustment length of skate is 5-3/4" to 7-1/2".

We also have replaceable hockey and figure skate laces and insoles. Available in a variety of colors and sizes.

PERMANENT STORAGE UNITS

Sturdy steel frame is zinc-plated or powder-coated. Fully adjustable shelves maximize space. Available in HDPE Recycled Lumber and Dri-Seat shelving. Upgrade with mesh metal or acrylic doors. Wall mount or self standing units, single or double deep, double-sided floor mount units and under the counter or table units available.

PORTABLE STORAGE UNITS

Sturdy steel frame is zinc-plated or powder-coated. Large swivel casters for quick and easy maneuverability. Fully adjustable shelves maximize space. Available in HDPE Recycled Lumber and Dri-Seat shelving. Upgrade with mesh metal or acrylic doors. 4' unit holds 60 pairs of skates, 6' unit holds 90 pairs. Custom sizes available.

RSI SKATE TREE

Maximize storage space with our affordable vertical rental skate storage solution. Each adjustable post can hold up to 60 pairs of skates, while taking up only a 2' x 4' area. Sturdy steel upright posts and arms are finished in black powder coat.

CUSTOM STORAGE.

Permanent or portable skate storage solutions designed for your space.

Ask us about inline skate storage. Custom options available.

HDPE RECYCLED LUMBER SHELVING

Build your own shelving and customize your space. Shelves available in 4' or 6' units.

DRI-SEAT SHELVING

Build your own shelving! Dri-Seat's unique shelf design allows for air-flow and prevents blade rust. Shelves available in 4' or 6' units.

WOOD FRAME SKATE STORAGE

An economical storage solution. A great option for extra skate storage but recommended for areas that are free from moisture. Shelves available in 4' or 6' units.

Locker Rooms & Seating

LEGACY LOCKERS: THE BEST DECISION YOU CAN MAKE FOR YOUR LOCKER ROOMS!

Trust us to create
and renovate your
custom space. First
impressions are made
in the locker room!

Legacy Locker Stalls

Legacy Deluxe Lockers

 **FAMILY-OWNED.**
American made.

RINK SYSTEMS INNOVATIONS!

LEGACY LOCKER

We are changing the way locker rooms look and last with the Legacy Locker and Cubby...designed and manufactured by Rink Systems!

- Custom made to fit your space
- 3/4" HDPE construction
- Eliminate rust, mold and splinters
- Waterproof and simple to clean and maintain
- Under the seat storage and ventilation
- Withstands rigorous use from athletes
- Standard dimensions are 24" x 72"
- Available in many styles and colors

LEGACY LOCKER DELUXE

Same standard features as the Legacy Locker with the following optional features:

- Top drying rack
- Lock box
- Skate hooks
- Padded seat and/or padded back rest
- Custom logos

THE CUBBY

3/4" solid HDPE construction with easy rail mount installation. Easy to clean and maintain with reduction of mold and rust. Combine with our floor or wall mount benching options. Available in a variety of colors. 🌈

EQUIPMENT HOOK

Heavy duty steel construction. Powder-coated finish. Mounts directly to wall over benches.

EQUIPMENT HOOKS WITH SHELVING

Heavy duty steel angle construction. Powder-coated finish. Recycled lumber top shelf. Mounts directly to wall over benches.

HDPE PLASTIC RECYCLED LUMBER

Rink Systems uses HDPE Plastic Recycled Lumber in many of our manufactured products. Can be purchased separately and comes in a variety of colors and sizes. 🌈

WALL MOUNT BRACKET

Heavy duty steel angle construction. Galvanized or powder-coated finish. Perfect for locker rooms and lobby benches. Available for a variety of bench depths, including ADA.

FLOOR MOUNT PEDESTAL

Constructed of 1/4" x 6" x 6" thick mounting plates with a 2" square steel vertical support. Hot dip galvanized to prevent rust. Choose 18-1/2" high straight or angled base to help prevent contact with skaters' blades. Two-piece removable socket mount available for where benches are to be removed.

RECYCLED PLASTIC LUMBER—LOBBY SEATING

Combines the floor mount pedestal with durable 100% recycled plastic lumber seating. Available in a variety of sizes and colors.

**CUSTOMIZE WITH
YOUR OWN LOGO!**

FOLDING BENCHES

Create more space with these fold-down benches. Aluminum seat planks with HDPE tops are available in a variety of colors and sizes.

STICK RACK MODEL 1

Great organizer for locker rooms and player boxes. 3/4" HDPE. Standard width is 48" with custom sizing available. Rack option or easy to mount stand alone finger bar. Available in a variety of colors.

STICK RACK POLY BOX MODEL 2

Tapered storage base constructed of 3/4" HDPE. Prevents rust that occurs in metal racks. Standard width is 48" with custom sizing available. Available in a variety of colors.

COACH'S DRY ERASE WALLBOARD

Dry erase board made from durable polystyrene available in two sizes: 32" x 48" or 24" x 31". Mount to any wall for easy viewing. Board comes pre-marked as shown and makes teaching plays a whole lot easier.

WALL MOUNT STICK ▼ HOLDER

Perfect for locker rooms and player boxes. Standard wall mount design is red and holds up to 21 sticks in line and off the floor. Quick and easy installation. Also available in custom sizes and colors.

PARK BENCHES WITH AND WITHOUT BACK

6' and 8' long durable recycled lumber benches. Available in a variety of colors. 

LOBBY BENCHES WITH AND WITHOUT BACK

Custom built recycled plastic lumber or HDPE bench tops with aluminium supports. Essentially maintenance free. Attractive, colorful and durable. Available in a variety of styles and colors. 

ALUMINUM PLANKS

9-1/2" wide x 1-3/4" thick extruded aluminum planking for bleacher seats and benches. A variety of mounting brackets and support pedestals are available.

BENCHES

RECYCLED PLASTIC LUMBER—STADIA SEATING

Custom extruded from purified blends of recycled plastics. Easily machined and essentially maintenance free. Resistant to moisture, fading, insects and warping. Requires no waterproofing, staining or maintenance other than soap and water. High color stability UV pigment systems minimize material breakdown from prolonged sun and weather exposure.

BLEACHERS

Custom plastic, wooden or aluminum bleacher systems available.

HEX TABLES

Open-seat, hexagon tables are constructed of heavy 100% recycled plastic lumber. Available in a variety of colors. 

HIGH LOBBY TABLES

Sturdy, powder-coated, steel base and pedestal with 30" polyethylene tops. Available in a variety of colors. 

SEATING

UNMATCHED CRAFTSMANSHIP.

Industry-leading innovation.

Skate SHARPENING

We serve all major brands: Blademaster, E-Z Sharp, Wissota, Blackstone, Prosharp, Cag One and Sparx.

SKATE SHARPENING ACCESSORIES

Rink Systems carries a complete line of accessories for all makes and models of skate sharpeners including: grinding wheels, diamond dressers, wear pads, lube sticks, hand hones, skate holders, vacuum systems and filters.

MANUAL SHARPENERS

WISSOTA

The Wissota is a professional quality commercial skate sharpener for rinks, skate shops, schools and even home use. Made in the USA, Wissota sharpeners are one of the most affordable and easy to use machines on the market. Gain a competitive edge with precision, safety, and durability. *Warranty information available upon request.*

BLADEMASTER

Recognized as a global leader, Blademaster offers the most extensive line in skate care and equipment. Machines are ideal for professional equipment managers and retailers. Blademaster is an official supplier to Hockey Canada and USA Hockey. Triple, double, single, portable and table top machines are available. Set up and training with all machines. *Warranty information available upon request.*

AUTOMATIC SHARPENERS

PROSHARP

Prosharp delivers high precision sharpening technology for players, teams and business owners. Machines are hand-built for precision, portability and quality. One-button technology allows for easy to use operations while reducing labor costs. Skate sharpening made easier, faster and better everytime. *Warranty information available upon request.*

CAG ONE

Cag One has taken the complexity out of skate sharpening. Machines offer automated grinding equipment that is simple to use and understand. Machines are easy to calibrate and provide quality and durability. Cag One truly represents industry benchmarks in both precision and simplicity. *Warranty information available upon request.*

SPARX

Sparx lightweight designs allow for more portability from home to the rink. Tested by thousands, including youth, collegiate, Olympian and NHL players, its unmatched accuracy and consistency produces a professional grade result every time. The patented designs create precision sharpening with minimal to no adjustments necessary. Sparx machines are easy to use and safety features provide confidence even for beginners. *Warranty information available upon request.*

Rubber Flooring

REGUPOL AMERICA AKTIV

Regupol is a premium rubber flooring that is designed knowing that intense sports require intense support. Regupol manufactures their products from synthetic materials that have been recycled and reprocessed. This process makes their product extremely dense, resilient and wear resistant for the facilities with the heaviest traffic. Regupol fits into every space and impacts sound insulation and vibration isolation. Its durability, along with multiple color options, will create a look that is functional and attractive. Available in glue down and loose lay options. *Warranty information available upon request.*

Dimensions:

- 3/8" x 48" wide rolls
- 1/4" x 48" wide rolls

Also available in Regupol America AktivLok Interlocking Tiles.

Dimensions:

- 24" x 24" x 3/8"

**Color options vary and are subject to change.*

THE SURFACE COMPANY
SURFACECo

SURFACECo

SurfaceCo manufactures high performance, cut-resistant "trued" mats and interlocking tiles from recycled rubber. This loose lay flooring is manufactured with a vulcanized process that offers strength, tear and abrasion resistance. The non-porous surface is built to provide longevity in a facility where durability and high impact use is needed. Flooring, once installed is virtually maintenance free. *Warranty information available upon request.*

Interlocking tiles dimensions:

- 3/8" x 4' x 6', 1/2" x 4' x 6' or 3/4" x 4' x 6'

Mat dimensions:

- 3/8" x 4' x 6', 1/2" x 4' x 6' or 3/4" x 4' x 6'
- Color: Black

Corner and border tiles are also available for all thicknesses.

Interlocking Tiles. Top (l to r): Glacier, Yellow and Tan. Second row (l to r): White, Red and Green. Third row (l to r): Blue, Red/White and Blue/White. Fourth row (l to r): Tan/White, Yellow/White and Green/White. Bottom (l to r): Glacier/White and **Mats: Black.**

*Color options vary and are subject to change.

MONDO RAMFLEX

Ramflex is a leading choice for a facility that needs to withstand intense traffic and constant stress. This two layer, vulcanized rubber flooring is engineered for a wide range of uses, shock absorbency and stability. Mondo Ramflex is a glue down flooring to prevent movement and moisture. Its non-porous surface requires no coating or finishes, eliminates odors and is easy to clean and maintain. *Warranty information available upon request.*

Dimensions for 6mm:

- Width: 6'
- Tile size: 3' x 3'
- Weight: 1.89 lbs/sq ft

Dimensions for 10mm:

- Width: 6'
- Tile size: 3' x 3'
- Weight: 3.2 lbs/sq ft

Mondo Ramflex. Top (l to r): 986, 920 and 712. Middle (l to r): 710, 741 and 715. Bottom (l to r): 790 and 707.

MONDO SPORT IMPACT

For the most demanding skating areas, Sport Impact is a premium vulcanized resistant rubber flooring that is capable of absorbing the heaviest traffic. Sport Impact resists traction, lacerations and heavy loads for those intense sports activities. This flooring ensures stability, shock absorption, incomparable safety and comfort. Its non-porous surface requires no coating or finishes, eliminates odors and is easy to clean and maintain. *Warranty information available upon request.*

Dimensions for 6mm:

- Width: 6'
- Tile size: 3' x 3'
- Weight: 1.76 lbs/sq ft

Dimensions for 10mm:

- Width: 6'
- Tile size: 3' x 3'
- Weight: 2.9 lbs/sq ft

Mondo Sport Impact. Top (l to r): S154, S110 and S141. Second row (l to r): S114, S136 and S062. Third row (l to r): S055, S026 and S008. Bottom (l to r): S018, S011 and S073.

**Color options vary and are subject to change.*

PROTECT-ALL®

PROTECT-ALL

Protect-All is an all-purpose flooring manufactured from 100% recycled polyvinylchloride, interlaced with strand reinforcement for added strength and durability. Provides slip, stain, cut-resistant and fire protection for areas exposed to water, heavy-traffic patterns and extreme weight loads. *Warranty information available upon request.*

Dimensions:

- 1/8" and 1/4" thickness
- Sheets: 60" x 96" and 60" x 60"
- Square Tiles: 24" x 24"
- Interlocking Tiles: 18" x 18"

Protect-All. Top (l to r): Dark Gray, Light Gray and Terra Cotta. Middle (l to r): Black, Burgundy and Green. Bottom (l to r): Blue and Brown.

CUSTOM FLOORING LOGOS

Custom logos are available for most floor brands.

NYRACORD RUNNERS®

Nyracord® runners are a premium rubber material combined with sturdy fibre for consistent durability. Ideal for high traffic areas in need of traction and protection. Available in the following sizes:

Smooth:

- 3/16" x 36" x 22' roll
- 3/16" x 48" x 22' roll
- 1/4" x 36" x 22' roll
- Now available per foot

Perma Walk with easy to clean ribs run the full length of mat for added traction:

- 1/4" x 36" x 50' roll
- 1/4" x 48" x 50' roll

Warranty information available upon request.

THE LARGEST SELECTION OF CUT-RESISTANT RUBBER FLOORING IN THE INDUSTRY.

We will partner with you to find the right flooring solution for your space. Whether renovating or for new construction, we can answer your questions on cost, product options and installation.

LEGACY ELITE™ STEEL

Our Legacy Elite™ steel dasher boards are the most durable and dependable boards in the industry. A perfect choice for professional, college, university and community rinks. This system features a 6" hot dip galvanized steel framework which is designed with precision gate hardware and enhanced player safety. Available in posted shielding with acrylic, tempered or seamless glass, giving an unobstructed view.

LEGACY ELITE™ ALUMINUM

Our Legacy Elite™ aluminum dasher boards are a smart choice for professional, university, college and community facilities that may require frequent changeovers. This system features a 6" welded aluminum framework that is 40 percent lighter than steel and is designed with precision gate hardware and enhanced player safety. Posted shielding comes in acrylic, tempered or seamless glass, giving a clear unobstructed view.

All Rink Systems dasher board systems are **MADE IN THE USA.**

Howard Park, South Bend, IN

ICE LOCK™

Our Ice Lock™ dasher boards are designed with portability in mind. This system can be set up virtually anywhere for a seasonal ice skating rink. Features a tough hot dip galvanized tubular steel frame with fiberglass facing. The specially designed Ice Lock™ post freezes into the ice surface, providing proper support without anchoring.

GLASS RAIL™

Our Glass Rail™ system is the perfect choice for outdoor recreational skating rinks. The attractive see-through design appeals to both skater and spectator, giving the feeling of skating on an open pond. Features a 12" high curb with aluminum handrail and glass panels. This modular system can be set up and taken down with ease.

CUSTOMER SERVICE

Whatever your needs, whatever your questions, you will find everything to your satisfaction at Rink Systems, Inc. for one simple reason:

Our customer service is the best!

You will always find an experienced professional at the other end of the line—dedicated, knowledgeable and ready to make your experience hassle- and worry-free!

Ordering is a cinch! Rink Systems takes great pride in coming through for you on a tight timeframe, with same day shipping for many items. Give us a call...we'll get it there in time!

QUALITY MANUFACTURING

All of the fine product we manufacture—including dasherboard systems, hardware, goal frames, skate storage systems, etc.—are first designed and tested by our own professional engineering staff to assure maximum quality and reliability.

Every dasherboard and their components, as well as numerous rink products throughout this catalog, are manufactured “in house” from start to finish by our highly trained and experienced team. This provides the greatest level of quality control and guarantees that your order is built and shipped exactly as designed.

ORDERING INSTRUCTIONS

Terms, conditions, prices and specifications are subject to change without notice. Prices in effect at the time of shipment will be used. All applicable sales tax will be added. \$5.00 handling charge on all orders under \$25.00. Terms: Payment is due Net 30 days unless quoted otherwise. All orders are subject to credit approval. Prepayment is required with each order until credit is approved. Past Due Payments: All past due accounts are subject to 1-1/2% monthly finance charge (18% per annum). Orders will not be shipped when a delinquent balance exists on an account. Backorders: Unless otherwise instructed, out-of-stock items will be automatically backordered and shipped as soon as possible.

Freight: All shipments, unless otherwise specified, are shipped F.O.B. stocking locale. Shipping costs are additional unless quoted otherwise. All stock orders will be shipped within 24 hours after credit approval or you will be notified. Notification of damages or shortages must be made within five (5) days of delivery. Rink Systems, Inc. is not responsible for damage or loss in transit. All freight claims must be filed with the delivery carrier. Guarantee: We guarantee all goods against manufacturing defects and insist that you be satisfied. Returns: A Return Merchandise Authorization (RMA) is required on all returns. All returns must be shipped pre-paid and are subject to a minimum 15% handling and restocking charge.

All unauthorized returns will be returned at the customer's expense. Customized items shall be approved by the purchaser prior to construction and are not returnable. Contact our office for further information and instructions. Responsibility: Rink Systems, Inc. cannot assume responsibility for personal injury or property damage incurred by or through the use of any product represented in this catalog. Policy: We reserve the right to correct all photographic, clerical, typographical and printing errors in this catalog, or to make any changes in specifications which are necessary or which, in our opinion, improve the product. Material Safety Data Sheets: We provide the appropriate Material Safety Data Sheets for all required products.

ANOTHER WAY TO OUTFIT YOUR RINK...

usedrinkequipment.com

We do new construction and renovations, but did you know we also offer quality used equipment? UsedRinkEquipment.com is a service of Rink Systems where buyers and sellers come together to complete their rink, save some dollars or repurpose when possible.

We carry everything from dasher boards to flooring, edgers to rental skates, and much more. Be sure to check back often as our inventory changes quickly.
